Little Guest and Pairi Daiza Resort: naturally!

Since its launch in 2018, The Little Guest Hotels Collection has been offering exceptional hotels that stand out for the care they provide for your little ones. A true quality label, the Little Guest collection now includes more than 160 hotels around the world.

This desire to satisfy young and old also implies new ways of thinking about travel and family holidays. Faithful to its principles and expertise, Little Guest invites families to a brand new accommodation and immersion experience in the extraordinary Pairi Daiza Animal Park!

A comfortable stay in the heart of the wilderness

Voted the Best Zoological Park in Europe, Pairi Daiza Park is a model in terms of space dedicated to the discovery and preservation of rare or threatened species.

Much more than a simple animal park, this incredible natural estate has been supported for 25 years by the Pairi Daiza Foundation, whose mission is to protect animals in danger, with the purpose of reintroducing them into their natural habitats. The park is the epicentre of a vast scientific research programme aimed at the sustainable recolonisation of species and the enhancement of ecological heritage, in partnership with local communities.

Pairi Daiza is an extraordinary playground for children. If the outdoor attractions and the 300-metre-long suspension bridge are a delight, it's certainly the "Animal Adventures" program that will engrave the most beautiful moments in their hearts. From the age of 8, children have the opportunity to participate in feeding Asian elephants, red pandas, and even gorillas, but also to assist healers with lemurs, bats, or giant turtles.

The park has now developed a luxury hotel and high-end cabins that allow families to stay as close as possible to the animals! This new accommodation offer meets the wishes of the park's visitors, which has become so vast that it's difficult to visit it in a single day, especially for foreign visitors who have to join Pairi Daiza from Paris or Amsterdam.

Noble materials, a cosy atmosphere, state-of-the-art facilities, all with the comfort that elevates the **Pairi Daiza Resort** to an international level in terms of top-of-the-range hotels, families will stay in optimal conditions.

Full Moon Lodge, a residence that recalls the marvellous Anglo-Saxon legends, allows you to contemplate **bears and wolves** from your living room over an open fire, before a relaxing break in your private sauna.

The Paddling Bear Hotel, whose warm lobby opens a window onto the park's marmots, offers its lucky residents double or family rooms, from which they can enjoy a breathtaking view of **Steller's sea lions**, the largest in the world. Children under 12 years of age have free access to Kid's corner to make new friends. The games room with its enchanted forest scenery is equipped with board games, crafts and a TV, if the weather is less pleasant.

The **Native Village** provides families with houses that can accommodate up to 6 adults and 3 children. These traditional, spacious and luxurious buildings are ideal for rejuvenation, and provide you with a few days of a total change of scenery, as close as possible to the wilderness.
