KickCancer,
by their side in the fight
against pediatric cancer

As you know, for us, the **well-being** and **smiles** of every family member are of utmost **importance**.

It's with this mindset that we contribute, using our expertise to do what we do best:

Create extraordinary vacations that bring sparkle to children's eyes.

But sometimes, that's not enough. So, we've decided to **support those who go the extra mile**, fighting in tougher battles.

We've become **partners with the KickCancer organization, for more than 2 years.**

One Mission

Curing all children with cancer.

Advocate with governmental bodies and pharmaceutical laboratories to advance research.

Improve treatments, minimize side effects, and develop new ones.

Raise public awareness about pediatric cancer.

Provide information and support to families in their battle against their child's illness.

Our contribution?

With **every vacation booking, we donate €2 to**

KickCancer, helping them fund research against pediatric cancer.

More than
€6.863 already raised!

Let's share this battle
together

Are you also particularly sensitive to children with cancer?

If you'd like to **learn more about the KickCancer organization or even support them**, we invite you to visit their website for more details or to contact them directly.
